EDUCATION

Indian Institute of Technology (IIT) Madras	Present
<i>Bachelor of Science (BS) in Data Science and Applications (DSA)</i>	
Jawahar Navodaya Vidyalaya (JNV), Odhan, Sirsa	Class 12
<i>Science (Computer Science, Physics Focus)</i>	
• Board Score: 86.8%	
AMSSS Mohammadpuria	Class 10
• Board Score: 85.8%	

CERTIFICATIONS

Google Professional Cybersecurity Certificate	In Progress
<i>Coursera</i>	

TECHNICAL SKILLS

Programming

Languages: Python, SQL, HTML, CSS

Web Technologies: Next.js

Core Competencies: Data Structures, Frontend Development, Backend Integration, Database Management, Cybersecurity Principles

PROJECTS

Jarvis Assistant Application

Technologies: Python, Next.js, SQL, HTML, CSS

- Engineered a full-stack virtual assistant application utilizing Python for core backend logic and data processing.
- Designed and developed a responsive, dynamic user interface using Next.js, HTML, and CSS to ensure a seamless user experience.
- Integrated a SQL database to efficiently store, manage, and retrieve application data and user inputs.
- Bridged frontend web components with backend Python scripts to execute complex tasks and queries interactively.
